Other check-offs

- I have read through the summer camp book given out in May. I got a "What To Bring List" at Scout meeting or in the summer camp book and have everything I need.
- My scout sons have their tent partners and this has been communicated to and agreed by the SPL.
- Troop Leaders are going to set-up camp on Saturday July 17. This is expected of all troop leaders. All second year and up scouts are welcome if they intend to work (this is not a play time). We meet at the Church, load the troop gear and go to Manatoc to set up. Troop and any personal gear is left there overnight at your risk (in a locked trunk). Scouts should return by 5:00 p.m. Do not presume we have enough drivers - please come and help. We can use mowers and trimmers, trash bags, and cold water.
- You must arrange transportation for all your gear and your scout for Sunday. We will check in at the Church Parking lot near the garage at 9:00 am. Don't be late.
- When arriving at the church lot on Sunday, be in full uniform, with boots on, health form, handbook, a water bottle and your medicines in the original containers (see the summer camp book for details).
- Come to Wednesday Night Parents' night and Court of Honor (July 21). See who is Scout of the Year. Retreat is at 5:45 at the parade field. Dinner is in our campsite followed by a brief Court of Honor.
- I know that no Scout will be allowed to call home without permission of the Scoutmaster. No scout may use a cell phone during the week with the permission of the Scoutmaster. Also, no scout may leave the Camp -- even with you -- unless you talk personally with the Scoutmaster. These are strict safety rules.
- If I am a new parent, I have read and understand the section of the summer camp book on the homesick scout.
- Read the summer camp book, read the summer camp book.
